
DOGS SUITABLE FOR ADOPTION:

1. Name: **Barry** – **could be adopted**

Birth date: 2008

Weight: 15 kg

Sex: Male; castrated

He is very nice doggy – loves to be caressed. He gets on very well with other dogs. He is one from Babitsa but Antoaneta took him to her house to socialize him so at the moment he lives in her garden.

2. Name: **Richi** – **he is in the house of the kids who socialize him**

Birth date: 2007

Weight: 20 kg
Sex: Male; castrated

3. Name: **Tara** – **she is in the house of the kids who socialize her**
Birth date: 2006
Weight: 12 kg
Sex: Female; castrated

4. Name: **Bunny** – **She is a sister of Gray that went to Viernheim in November 2010.**
Birth date: 2009
Weight: ~ 15 kg

Sex: Female; castrated

She is a little bit shy and she can't walk well on leash. She keeps her food from the other dogs.

5. Name: **Valcho** – **he has been adopted here in BG but people returned him to Dai Lapa**

Birth date: 2008

Weight: 22 kg

Sex: Male, castrated

He is very nice and good dog. He doesn't have problems with other dogs. The only problem is that he keeps his food. He can walk on leash. He had a home but his owners gave up him because a baby was born ... quite frequent reason people in Bulgaria to leave their pets ...

6. Name: **Gabi – suitable for home with male dogs (with some female she doesn't get on well)**

Birth date: 2008

Height: ~45 cm

Weight: 27 kg

Sex: Female; castrated

She is very sweet and good dog. She can walk on leash. She gets on very well with the most of other dogs. She is perfect with people. At the moment she lives on a chain in Babitsa because the most of the time the dogs in Babitsa are without human presence and the people from Dai Lapa feel much calmer when the bigger dogs are chained.

7. Name: **Jinna**
Birth date: 2007
Weight: ~17 kg
Sex: Female; castrated

She was found with smashed hind leg – an operation was done and now she can step on it. There is infection on the place where the operation was done. She took antibiotics but the problem still exists. She is mistrustful to some men. She behaved very well during vet examination. She lives on chain too.

GOOD WITH PEOPLE BUT FIGHT WITH OTHER DOGS:

8. Name: **Taysan** – **could be adopted as only dog or together with female dogs**
Birth date: 2007
Height: 50 cm
Weight: 30 kg

Sex: Male; castrated

He is very nice with people but he doesn't get on with other male dogs. Because of this he lives on a chain. He is playful dog and the life on chain doesn't reflect well on him. He would be the perfect pet in home without other male dogs.

9. Name: **Hardi** – **could be adopted in home without other dogs**

Birth date: 2005

Weight: 25 – 26 kg

Sex: Female

She DOESN'T get on with all other dogs. Also sometimes she is mistrustful to some men – with women she doesn't have problems. She can walk on leash. She is chained too. She looks for a home without other dogs.

DOGS THAT GET ON WELL WITH OTHER DOGS BUT ARE FRIGHTENED OF TREATMENTS:

10. Name: **Chaika** – **she should go through socializing**

Birth date: 2007

Weight: 25 kg

Sex: Female; castrated

She gets on very well with other dogs but she is a little bit wary in her contact with people. She needs time to believe someone.

11. Name: **Chopar - he should go through socializing**

Birth date: 2009

Weight: 25 kg

Sex: Male; castrated

He is very nice dog – he loves playing and to be caressed but of known people. He gets on very well with other dogs. But he is very frightened of all kinds of treatments. He can't walk on leash and even he doesn't like a leash to be put on it. When we vaccinated and chipped him it was hard fight.

12. Name: **Rinti - he should go through socializing**

Birth date: 2006

Weight: 32 kg

Sex: Male; castrated

He has a problem with his eyes but he is not taken to the vet yet. The problem exists from couple of months ... I have offered to the people from Dai Lapa I to pay for vet examination but they said that they can't catch and deliver him to the vet ... He is mistrustful to some people. He is nice and playful dog but he doesn't accept all kinds of treatments – vaccination, chipping and so on.

13. Name: **Misho** - **he should go through socializing**

Birth date: 2010

Weight: 12 kg

Sex: Male

He is very fearful doggy. He doesn't allow being touched. He gets on well with other dogs. He was found run over by a car. Now he can walk but the result of the trauma is visible.

14. Name: **Shaylo** - **he should go through socializing**

Birth date: unknown

Weight: 18 kg

Sex: Male; castrated

He is very unsocial dog – he tries to bite if someone wants to touch him. He doesn't have problems with dogs but with people – yes.

OTHER DOGS:

15. Name: **Mecho** – **OLD DOG**

Birth date: 2001

Weight: 37 kg

Sex: Male; **NOT castrated**

He has arthritis and he has a problem with his hind legs and especially with one of them. He loves to be caressed. He is very nice old dog that has no chance to be adopted here in Bulgaria. He needs only a soft and warm bed.

16. Name: **Peshko** - **NOT SUITABLE FOR ADOPTION**
Birth date: 2004
Height: 30 – 35 cm
Weight: 25 kg
Sex: Male; castrated

He is gathered because he is aggressive. Now he is **chained** into closed place – 1.5 m x 1.5 m. In this place he can't see anything – neither people nor dogs. Nobody dare go into his place to clean ... they just give him food and water.
